### Foreign Trade Developments

Notice of Foreign Proposals Concerning Standard in Agriculture. As required of all signatories to the GATT Standards Code, this notification of foreign proposed standards-related rules has been provided for the information and comment of interested agencies and firms. The Technical Office invites inquiries from anyone who believes that any of the proposed regulations notified under this heading could cause a trade problem. Questions can be referred to Thomas O'Connell, USDA Technical Office, Room 5528, South Agriculture Building, Washington, D.C. 20250; or phone at (202) 382-1318.

Yugoslavia. The Yugoslav Federal Institute of Standardization has proposed a law entitled "Regulations on the Quality of Refreshing Non-Alcoholic Drinks." The proposed law sets out the minimum quality standards and the minimal conditions which must be observed to maintain the quality of the above products during their manufacture and marketing.

EEC. The European Economic Community has proposed a "Commission Regulation Establishing Quality Standards for Leeks, Aubergine/Eggplant, Marrows." The Commission Regulation establishes quality standards for these products which are intended for fresh delivery to the consumer.

EEC. The 37th Commission Directive Amending the Annexes to Council Directive 70/524/EEC Concerning Additives in Feedstuffs has proposed authorizing the use in feedstuffs of canthaxanthin as a coloring matter and of arprinocid as a coccidiostat. It also extends the period of authorization of certain emulsifiers.
